Dear Mr. Antoine,

Thank you for your support on the NRCC's Business Advisory Council. We appreciate your steadfast support and participation in our organization. Please accept this replica of the pen that President Bush used to sign the historic tax cut into law as our way of saying thanks.

Your gift is critical to helping us promote issues that are important to you and your business like affordable health insurance, lower taxes, and less government regulation.

We have already made commitments based on your pledge of \$1500, so please send it in today!

Thank you again for your support!

Sincerely,

Tom Reynolds
